## PRECISE TABLE TENNIS TABLES UNBEATABLE ADVANTAGES ARE

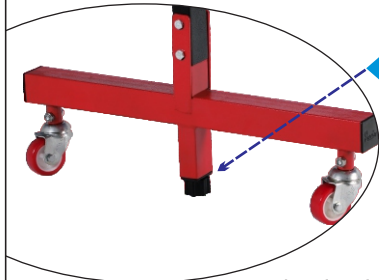

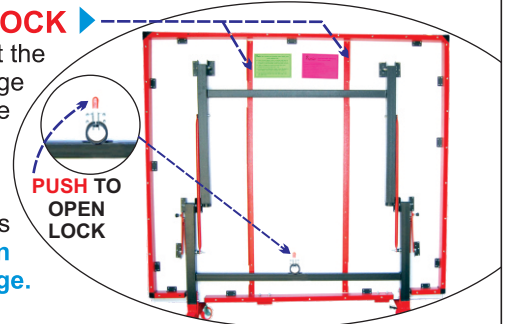

### TOP PLAYING SURFACE

Precise Table Tennis Top is manufactured from High Grade Flat pressed three layer water and scratch resistant **Antiglare Pre-laminated Tournament Grade Top**. Playing surface has Uniform and consistent bounce with non varying spin production. Our top tournament model Precise Pride Table Tennis Table has special antiglare **Dupont Coating**. This advanced coating ensures excellent ball adherence, constant spin reproduction and longer life of playing surface.

### EXTRA BACK SUPPORTER & PUSH LOCK

Traditional T.T. Table having metal supports only at the end of playing surface table and having no support at all for large middle area of playing surface! Hence warping may occurs in the middle of playing surface as the climate changes. Precise top range of T. T. Tables are having **optional** uniquely designed **Two Extra Metallic Supporters in the Back Side of Playing Surface Area to Avoid Warping** not only at the end of table but also in large middle playing surface area. This also improves uniform and consistent bounce characteristics of top. **Push to Open Frame Lock is Provided for Extra Safety in Storage.**

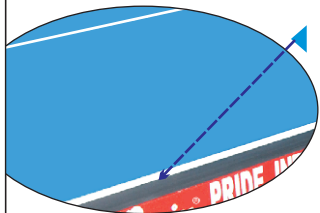

### EIGHT LEVELERS :

Unlike Traditional Table with Four levelers at the end of table we have **EIGHT LEVELERS** - Four extra levelers between the wheels which act as a wheel brake as well as **Ensures a Perfectly Leveled Steady Table** with true playing surface.

### LATEST SCRATCH LESS PU WHEELS

Instead of normal Nylon Wheel Precise top models T. T. Tables are having latest high endurance scratch proof PU wheels which **have Relatively Longer Life & Can Carry Heavy Weight**. This eight PU wheels are having combination of lock and free moving wheels for easy movement and sturdy fixing.

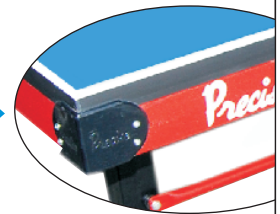

### EDGE SEALED BY ENCAPSULATION BANDS :

Edges of pre-laminated top is sealed by designed encapsulation bands instead of traditional sealing by Black Colour **for Better Sealing of Edges and for Warp Proofing.**

### ATTRACTIVE AND PROTECTIVE CORNER PIECES

Are fixed on all corner **to Avoid Breakages in Transit** and improve look of table tennis tables.

### OTHER ATTRACTIVE FEATURES :

**Playback / Roll-On features** are also possible in our top range of table tennis tables. All Precise Table Tennis Tables are **Easy to Assemble, Foldable with Locking Features** and are supplied with Nylon Net and steel posts with net tension adjusters. No wonder! Precise Table Tennis Tables are also **Approved by Table Tennis Federation of India and by International Tournament Players Worldwide.**

**Product Designed Patented No. : 222244**
